

SUSTAINABLE CHELTENHAM NEWSLETTER

July 2013 Edition

The Cheltenham Township Environmental Advisory Council

Community Engagement

Engage and educate all Cheltenham residents and stakeholders to unite behind a shared set of goals to build a sustainable future.

Sustainability Pledge Campaign for Cheltenham

Cheltenham's Environmental Advisory Council invites residents in our community to make a New Year's resolution in 2013 to adopt three or more new sustainable habits in their daily life that will conserve our community's resources and reduce our community's pollution. We encourage you to take some of the action steps to make your homes, gardens and recycling more sustainable. [Click here](#) to submit your pledge online or email pledge@sustainablecheltenham.org and we will recognize your unique contribution to the campaign.

Waste Reduction

Minimize solid and hazardous waste disposal, and maximize the re-use
