

Cheltenham Township

Community Meeting
September 28, 2016

Next Steps

Cheltenham Township Sanitary Sewer System

Next Steps:

- ▶ Continue assessment to identify problems within Township Sewer mains and private laterals
- ▶ Evaluate the feasibility of establishing “group” rates to be charged to homeowners by private plumbing contractors for lateral repair work
- ▶ Consider waiving Township permit fees for lateral repair work
- ▶ Request a local community bank offer low-interest financing for homeowners undertaking lateral repairs
- ▶ Pursue possible State and Federal grants to help offset Sanitary Sewer Capital Infrastructure expenses

Cheltenham Township Sanitary Sewer System

Next Steps:

- ▶ Present a revised Lateral Ordinance this fall/winter to include:
 - Provisions relating to what lateral repairs must be done
 - Timeframes when repairs must be started and completed
 - Possible extension of time for completing of repairs under appropriate circumstances
 - Provisions to allow pre-inspection repairs
 - Possible requirements for point-of-sale inspections/repairs
- ▶ Schedule Public Hearings for Adoption of that Ordinance
- ▶ Announce community informational meetings during the November/December timeframe:
 - Receive email E-Notifications directly to you by signing up at www.CheltenhamTownship.org.
