

NOTICE

Please be advised that the final design concepts generated by the Temple University Master of Landscape Architecture students for the Rock Creek Park Greenway will be reviewed by Board of Commissioner's Parks and Recreation Committee at its regular meeting on Wednesday, February 13, 2013 at 7:30 p.m. Curtis Hall, 1250 W. Church Road, Wyncote, PA. Interested residents are invited to attend this meeting to hear the presentation and ask any questions.

You may view the design concepts prepared for the Township's consideration, by double clicking the dropbox link provided here. [Click here to view](#). These design concepts were generated following at least three community meetings held at Curtis Hall, September 13, 2012, October 24, 2012 and November 28, 2012 to discuss ideas, concepts and seek input from abutting property owners and interested parties.

These design plan concepts are offered to the Township for consideration of future implementation if it so chooses. Future implementation of any the concepts shown in the plan will be determined by the Board of Commissioners with community input and with financial commitment from state or federal grants. This document will allow for the Township to be more competitive in seeking future grant funding if it so chooses to pursue any of these concepts or ideas.

Bryan T. Havir
Township Manager
